

# My Trip to

## The Wonderland of Lights

AT THE DUTCHESS COUNTY FAIRGROUNDS

The Wonderland of Lights is a show we drive through in our car!

Everyone will stay inside the car for the whole show. Staying in the car will keep everyone safe!

We will go to see the show when it is dark outside.

A lot of people will want to see the show. Our car may have to wait in a line to go into the show.

When our car gets to the start of the show, we will give our tickets.

We will change our radio to a special station with music for the show.

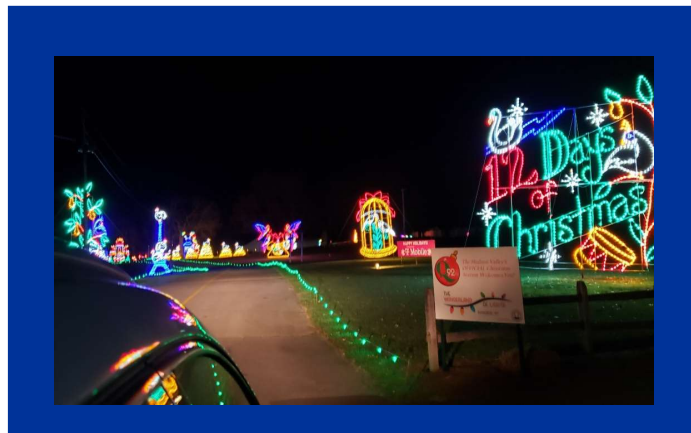

We can make it as loud or quiet as our group wants.

Then it will be time to drive through the show!

The lights will be beautiful! Some lights will turn on and off with the music. Sometimes they will flash on and off very quickly.

Some of the lights will get very bright too!

If the lights get too bright for me, I can close my eyes and take a break from them.

During one part of the show, we will drive through a tunnel of lights!

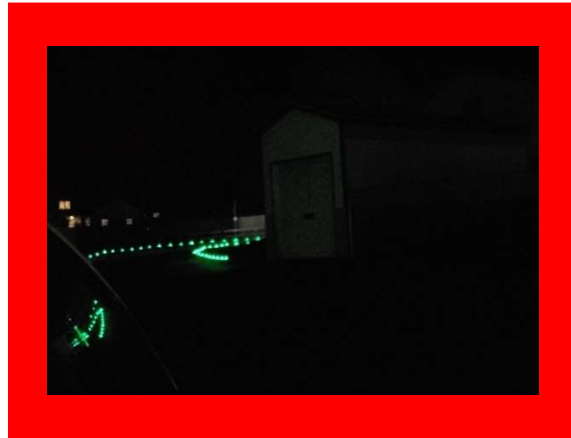

The lights in the tunnel will go on and off at different times with the music. The lights are beautiful, but if I need a break, I can close my eyes.

There may be some parts of the show that are dark while we are driving between the displays.

We can turn on the headlights if we need to.  
Then we will see more lights soon!

I had a great time at

The Wonderland of Lights!
